

## Colline Foundation McEwen Community Event

**Mission:** After the earthquake in Haiti, the people of Léogâne have been underserved by aid organizations as they attempt to daily survive the most impoverished of conditions only worsened by the earthquake. In light of this, we at Colline Foundation are pleased to announce our partnership with Ali McEwen, of Baby On Board Apparel, to host the Colline Foundation McEwen Community Event in Léogâne, Haiti. Ali McEwen, who will be working as a volunteer with Colline Foundation in Haiti, has decided to do something for the people of Léogâne that would give them some relief from the stresses of life in Haiti. We have decided to host a community event that can be likened to a block party: where food, drink, music and additional services will be provided to the local people. We are inviting the young, and old, to enjoy a day of good food and great music at the Colline Academie Compound. This event will do wonders to lift the spirits of the people in the community of Colline, Léogâne.
